# Promising New Associates Appointed

Quattro Design Architects are delighted to announce the promotion of Claire Samuel and Ewa Bubnicka-Gyde as Associates within the practice.

Since joining Quattro in 2008 Claire has worked at the forefront of Elderly Housing design and supported Quattro in the development of Building Information Modelling. In her role Claire has also specialised in 'Designing for Dementia' in association with the University of Sterling and has been instrumental in positioning Quattro at the forefront of Elderly Housing Design.

Andy Tansill, Director at Quattro, said: "We are delighted to announce Claire's promotion to Associate within the practice. Claire has been at the centre of the success of many projects across the Elderly Housing sector. She is an extremely talented technologist and a real asset to Quattro."

Ewa has been a Senior Project Architect with Quattro since early 2018 and brought with her a wealth of experience within the Healthcare Sector. She has repeatedly proven her excellent design and management skills from project conception to completion and plays a pivotal role in the continued expansion of the Health and Leisure team.

Rob Walder, Director at Quattro, said: "Ewa has continually demonstrated her passion and unwavering commitment to design excellence and depth of knowledge to our clients and their projects. She is a true team player and I am delighted to see her step up into the Associate role."
